

Yeah I rejected that culture  
Do you blame me no

Pierced a hole in  
Threw the veil  
I ripped it slowly  
Exposed the soil to sun  
I'm here for only a moment  
Don't get so flustered when  
I ask a question  
I found the puncture  
In your projection

Yeah I rejected that culture  
Do you blame me no

Yeah I do my own research  
No hear-say  
No hear-say  
Ready get away driver  
Yeah I took the sword out of my throat  
And I cut to the chase  
Took what I need  
Body non-profit  
Nobody like sulfur  
Yeah  
Pierced a hole in  
Through the veil  
I ripped it slowly  
Exposed the soil to sun  
I'm here for only a moment

Yeah yeah yeah yeah... Yeah I rejected that culture  
Do you blame me no
