

Be doing this, doing this!
We haven't been invited
And curiosity often leads to trouble
Goodbye, diamond
Goodbye!

There's a first time for everything
More like
Everything is the first time
Every morning my eyes pry this pod open
And rip this chrysalis
This perpetual myth of Sisyphus just is
A 4D view of a déjà vu menu might be true too
But I've never stepped in the same stream once
And I've never sensed anything twice
My Middle-earth rips out for the first
And last time every birth
Of mud from my middle
My dog likes the dirt
My pidgins like the drivel
Kitsune hooks on my caboodle
Brutal
Crucial
Fucking
Shell shock
Up the
Fucking
Bell tower
