

## Heels Over Head

Eartheater

Whatcha gonna do when I come for you  
Like you came for me?  
Tied a string from tooth to tooth  
All decorum flown the coop  
Overthrown, it's a coup  
You're over me, I'm over you  
Somersaulting (Head over heels)  
Choking on salt water and sand  
Can't stand it  
I can't stand it  
Weak in the knees

Come for me  
Give me a reason to kick the habit  
Give me a reason to rip the drip out  
Come for me  
Give me a reason to be naked  
Come for me

Whatcha gonna do when I come for you  
Like you came for me?  
Tied a string from tooth to tooth  
All decorum flown the coop  
Overthrown, it's a coup  
You're over me, I'm over you  
Somersaulting (Head over heels)  
Choking on salt water and sand  
Can't stand it  
I can't stand it  
Weak in the knees

Come for me
