

Petal Head

Earthheater

Better lick her petals
Or you'll get stung
With her stinging nettle
Flowers don't come
Without a full flex
You can time-lapse yourself
But I'm tryna slow-mo
I need my lungs to be bigger
Than my chest
Homonyms are in my bed
Don't fuck with me
Don't fuck with me
I know we're tryna fuck ya
I know you're tryna fuck ya
