EARTHGANG

Nigga, take a tyga, Ty Dolla \$ign, the creator

Unity is cool, uniformity is missing
The whole point, old niggas in the city diggin' for gold coins
There's diamonds everywhere, look around, nigga

Look around, nigga, look around, nigga
Look around, nigga, look around, nigga
Look around, nigga, look around, nigga
There's diamonds everywhere, look around, nigga

So more guard ass niggas
Shoot it right between you camouflage ass niggas
You hard ass niggas
Get it in on the benz from the start ass niggas
Ivy coast with the scars ass niggas
