Di ghetto youths dem earning the pesos  
Vaticon system, it ah break down  
Case closed  
Cause dem nuh know di pain  
The people feel it every day  
The beast will have to fade away  
Things will never be the same

Nobody act like me  
Gift wrap the strap like me  
Know they wanna live like me  
Give life and kill like me  
Bet it up I was leveled up fo I dreaded up  
Then I dreaded up, no one else come ahead of us  
Listen bruh, you should give it up for we wet you up  
Rain come down down down on your area

If I was you I too would be scared of us  
Flag flying dancing sky high and  
I got that shit that you like  
Yes me, and I and I and I  
Bet up I was leveled up for I dreaded up  
Then I dreaded up, no one else come ahead of us  
Listen bruh, you should give it up fo we wet you up  
Rain come down down down on your area
