From the heart, from the heart this time, yeah
All of these dreams that you done made true
All of these things that you done gave to
Call on me, I'll carry you
There ain't a thing I wouldn't do
Lion, tigers, bears and all of these things
They could never come between me and you (Ayy)

I'm proud of you

I'm proud of you, I'm proud of you, I'm proud of you (Oh)

Wow, pray for me even though I don't deserve it
Get off your knees and bend over and bust it
We don't fight and get to postin' our business
Teaching each other to have a discussion
Wow, wow, I'm so fuckin' proud
Keep takin' back shots like that
Fuck around, and give your ass a child
Your aura keep changin' colors on me
Fireworks, shit fuckin' wild
