

# Punchanella

EARTHGANG

Hopefully this is one the ones that makes Strays  
Doctor Dot and Johnny Venus, we just making hella songs so ya'll give us a t  
our, whatever man whatever, just learn this shit, learn this shit

Aw man, Punchanella in the shoe  
I know hella niggas who  
Lie and never tell the truth  
I'm a diamond, try to bite me, you forever missing tooth  
Cool as ice until I slide in then I'm melting igloo  
Aw man, aw man, Punchanella in the shoe  
Punch your supervisors nose  
When he tell you what to do  
Fuck this shit, bitch I quit  
I got better shit to do  
How you think this is elementary  
I should be making moves

Aw man aw man, Punchanella in the shoe  
DO RE MI FA SO LA TI  
THC lift up my mood  
Fever just hit 102  
Sick as fuck, sit the fuck down my dude  
Hell naw if I don't work now  
Then I can't eat tonight  
And the rent been past due  
Aw man, aw man, Punchanella in the shoe  
Make incredible the regular with everything I do  
Rocking city after city  
I fuck bitches by the few  
It's futile so don't go against me  
My energy never lose

Aw man  
Aw man  
Punchanella in the shoe

Aw man  
Aw man  
Punchanella in the shoe

Aw man  
Aw man  
Punchanella in the shoe

Aw man  
Aw man  
Punchanella in the shoe

Oh my my, I can't focus I just wanna fuck and write  
Oh my mind, that bitch open  
Played the villain my whole life  
Let's get high, punchanella  
Show the beggars how to fly  
Oh my my, Punchanella  
Full regalia on tonight  
Boy I'm glowing, I'm the shit  
Lord I know you sat on this

I'm so on, I'm so on  
Gravel roads to come to grips  
I got problems, can't control me  
Conjure them hoes up at night  
Call all them hoes up at night  
Ooh lawd them hoes gon' act right  
All starring roles ain't that right?  
Ain't that wrong. I mean really we all guilty  
Don't act like, 's'ain't your song  
Sing it with me, Punchanella  
Scary skeletons gon' tell you bout yourself  
Why you up so fucking early?  
I can't lie, girl I can't rest  
I'm gon' set this ho on fire  
Like the letters from my ex  
I ain't bitter Matthew Henson  
Just almost froze while I slept  
I had to think on my toes  
And go toe to toe with death  
Calendula for my sips  
Little order for my steps

Aw man aw man  
Punchanella in the shoe  
Aw man aw man  
Punchanella you gon' do  
Helicopters come to catch us  
Punchanella tell the truth  
Punchanella parachute  
I'll be waitin here for you  
Aw man aw man  
Punchanella in the shoe  
Aw man aw man  
Punchanella You gon' do  
Can't curtail us Punchanella  
They can't tame us tell the truth  
What you scared of? Punchanella  
No one better than the youth
