

This Side

EARTHGANG

I pray for all my Niggas and Niggets and Non Niggas and Non Niggets

Things change, people change, love grows, come and goes, sometimes I get overwhelmed

Diving in over my head

Put my life on line for sell, put that wish up on a star

Put that money on my self. Sometimes I'm just by myself

Whole future yes I am

The living God yes I am

What my grandma dreamed of

What these bitches cream for

What the city scream for

What the city scream for

We having fun on this side

Whole lotta love on this side

Know you wanna come on this side

Know you wanna hop on this ride

We having fun on this side

Whole lotta love on this side

Know you wanna come on this side

Know you wanna hop on this

Let's go to the lake

Let's jump in it naked

We can escape

We can leave this place

They took Nip, took X

Just a hating ass nigga hope that I ain't next

But if it pleases God I hope the shooter aims best. (Right here)

Then I'll fly to better lands and never land like Sandra Bland

Earth to Olu

No I can't coming back

I think I hit the joint too hard

Plus I'm tired of all this trash

And shawty just texted back

Told me baby just relax I'm gone be there in a minute, we'll make love and make it last

Plus the bottles on ice and the babies mighty fine and the weed in the sky.

And tonight's gone be alright cause

We having fun on this side

Whole lotta love on this side

Know you wanna come on this side

Know you wanna hop on this ride

We having fun on this side

Whole lotta love on this side

Know you wanna come on this side

Know you wanna hop on this

3 am the only time that I can hear myself think

Why is every waking moment feeling more like a dream?

Busted Reebok ashy nigga off of Campbellton Road

Walking proof of what can happen when you say what you mean

Just cuz niggas rock your jersey don't mean they on your team

As you grow decide who worthy of the presence you keep
I learned it early
Rick James
Charlie Murphy
I'm a product of the chitlin circuit
I'm a product of the nigga purchase
Drop bars like I'm losing service
Rrrroll my Rs when I feel exotic
Hit the blunt like a damn piñata
Aye carumba
I was a beast
Now I'm the jungle
Now I'm the wind
Now I'm the rain
The climate change
I crack a joke
To hide the pain
It doesn't Work
We scratch the surface
We tip the berg
Don't give a fuck
We not concerned
It could be worse

Lets go to the lake let's jump in it naked
We can escape, we can leave this place

We having fun on this side
Whole lotta love on this side
Know you wanna come on this side
Know you wanna hop on this ride
We having fun on this side
Whole lotta love on this side
Know you wanna come on this side
Know you wanna hop on this

Once upon a time in the Mother fucking west
I woke up to the stress and the titties on my chest
20 racks in 100 dollar bills on the bed, God if they come a knocking they go
ne have to take me dead

Fuckin right come on over to this side if you ain't scared
If you ain't bout it get the fuck back over there
What if I told you what I could show you?
Pick a pill. Blue or red?
It don't matter your selection they both coming out your check

Muthafucka yeah you next
I ride won't never falll
I rise the morning star
I'm fly I'm gone get far
On stage I give you chills
In the flesh give you life
These words will give you light
I'm Death around corner
Barrels at your dome
Darkness paints the sky
Know I wont be denied

We was coming outta pocket
Open mic at Crucial rocking
Scoop them bops up from the Northside
Drop that dick off in her chakra

Another lap around the planet
Y'all been following the saga
Turning karma into commas
Pray to God
He ain't forgot us

We having fun on this side
Whole lotta love on this side
Know you wanna come on this side
Know you wanna hop on this ride
We having fun on this side
Whole lotta love on this side
Know you wanna come on this side
Know you wanna hop on this
