

Top Down

EARTHGANG

Doctor told me I should rest
But I ain't gone never ever quit
I like girls with pretty feet
In jeans that don't never ever fit

Wooo Wooo Woooo
Top Down, and I'm floating through the city (Yeah Yeah Yeah Yeah)
Watch out (on the run!) Deputy out to get me
(Yeah Yeah Yeah Yeah)
Top Down, and I'm floating through the city
(Yeah Yeah Yeah Yeah)
Watch out (on the run!) Deputy out to get me
(Yeah Yeah Yeah Yeah)

Most that shit y'all talkin' bout, ain't really talkin' about nothing
Say you 25 when you really 32, baby girl need to go stop frontin'
Bottle in the club cost a stack, you ain't even got \$900
Ben Ten with the Bust Down
Nipple ring got my whole damn name (got my whole damn name.)
I dare you put them together
On that white just like Othello
I don't check emails, barely be texting
But Cc Me if you talking reckless
Pinky toe yellow Foot on the pedal
My bitch a speed devil
That's vroooooom vroooooom scrrrrrrrrrr
They won't catch us never
Beyoncé my Halo my angel my devil
My shooters come through with the do do do do man I'm telling you
I got the heart of a dragon
I'm living like I imagined
The world is mine no asking
The world is mine I'm stabbing stabbing out

I been drinking
I been smoking
And baby I'm flying down 285
But I'm so focused

I been drinking
I been smoking
Shawty I'm flying down 285
But I'm so focused

Top Down, and I'm floating through the city (Yeah Yeah Yeah Yeah)
Watch out (on the run!) Deputy out to get me
(Yeah Yeah Yeah Yeah)
Top Down, and I'm floating through the city
(Yeah Yeah Yeah Yeah)
Watch out (on the run!) Deputy out to get me
(Yeah Yeah Yeah Yeah)

I don't waste time on the phone like that
And I stay leaving text on read
I had
A minute at home
I ran into a fling but I can't really call her my ex

She said "I see you
I know you been working Lil Daddy you look like you getting to the check
I know you focused on work but I can't help but notice you can't talk about
nothing else
What about you?
How is your mental?
How do you cope with what you been though?
How is your temple?
Who in your life are you really close to?"
I was like damn
Space left blank
Plenty of fish in the sea
But nobody fuck with a shark in a tank
Stayed on my mind later washing the whip
Seen my reflection was all in the paint
(Aaaaaaahh)
Let back top
Bumping that frank ocean Crack rock
Find pull up
Riding with the pack pray I don't get caught
Been through it all I'm no stranger to loss
RIP Richard Olivia Charles
If nothing else I'ma do it for y'all
I don't rap I just say what's on my heart

Top Down

Top Down and I'm floating through the city (Yeah Yeah Yeah Yeah)
Watch out (on the run!) Deputy out to get me
(Yeah Yeah Yeah Yeah)
