

## Denial's Aria

Earthside

If it's not growing, it's dying  
You lost the war but won the shouting match  
Call me callous if you deem me  
I will be here to ride it out  
I will be here to ride it out

Say it to myself, say it to myself  
I've been wronged  
Say it to myself, say it to myself  
I did no wrong  
Say it to myself, say it to myself  
I give up  
Say it's true or say it's through  
Over

As it's growing, it's dying  
You won the war but caused the fall of man  
Celebrations are redeeming  
I will be here to let it out (Coward! )  
I will be here to let it out

Say it to myself, say it to myself  
I've been wronged  
Say it to myself, say it to myself  
I did no wrong  
Say it to myself, say it to myself  
I give up  
Say it's true or say it's through  
Over
