Earthsuit

Do you enjoy the distortion?
Stomp box yourself to the ground.
Do you enjoy the distortion?
Mad fuzz give birth to the sound.
Are you singing.... Oh, fascinate me.
Just fixation the distortion.
Don't complicate me.
It's so easy like this now.
Do you enjoy the distortion?
It's amplifying my brain.
Do you enjoy the distortion?
That overdrives you insane.
Well are you singing... Distort, rock your head back and forth.
Mad fuzz give birth to the sound.
Clear your mind of the fuzz that you see.
With the one that lives within you greater is He.
Distortion rock your head back and forth.
Mad fuzz give birth to the sound.
It'll rock your head back and forth.
Listen for the sound.
Distortion, it will rock your head.
Back and forth.
