

## Off Kilter

earthtone9

receive  
receive - the revelation beaten on a skin drum  
using instruments of bone

sheens gone, so tune in  
feel the drone

to writhe  
to writhe - to a rhythm with the blank eyed primitives  
suffer the fire ritual

sheens gone, so tune in  
feel the drone

another noise in my head  
writhe  
look up  
head up when the transmitters ready for the signal  
to invoke the sun gods
