

Ghetto

East 17

Ghetto love thang, makes my heart swing
(Ghetto booty come on)

From the street, a ghetto booty
She is seen around the way
Little cutey, a body so fine
Got me feening
I love it

But I know that she is the one for me
I love her
Let's spend our lives in harmony

She's my lover and she's my friend
I want to be with her 'til the very end
'Cause my life was filled with emptiness
She brings me joy
Let me do the rest

Ghetto booty come on
