Every time you were looking back  
I would look in your eyes  
See your face up around the club  
Wanna pull you to the side  
Come and dance on the table  
Run my hands down your thighs  
Come and dance on the table, girl  
This chemistry's electrifying

Hey there  
Do you wanna be my girl?  
I'm ready and I'm willing  
[?]  
So just give in girl  
So come on give it to me, give it to me girl  
Yeah

So just strip

You're one of a kind  
Know that you like it  
I can tell by the signs  
And girl you're the reason  
I can't get you out of my mind  
You're the cure to my fever  
'Cause your body don't tell no lies

Hey there  
Do you wanna roll with me?
