

# You Must Be an Angel

East 17

It's like the heavens have opened  
It's like the heavens have opened  
It's like the heavens have opened  
The bluest sky  
It's like the heavens have opened  
It's like the heavens have opened  
It's like the heavens have opened  
For you and I  
For you and I

You must be an angel  
That came into my life  
You took away my troubles  
You're a blessing in disguise

You shine like the morning sun  
Bringing hope and a brand new day  
Yes you shine like a midnight star  
And you take my fears away  
Take my fears away  
Take my fears away  
Take my fears away  
Take my fears away

You're so beautiful  
You're so beautiful  
I know  
You're so beautiful

You are there for me  
I know I can count on you  
You're the light that shines upon me  
Got the love to see me through

You shine like the morning sun  
Bringing hope and a brand new day  
Yes you shine like a midnight star  
And you take my fears away

Shine  
Shine  
Shine  
Shine  
Shine  
Shine  
Shine  
Shine  
Shine

When I look into the mirror  
Life just seems so clearer  
Cause I know you're nearer  
I'm so glad that you're with me  
When I look into the mirror  
Life just seems so clearer  
Cause I know you're nearer  
I'm so glad that you're with me  
When I look into the mirror

Life just seems so clearer  
Cause I know you're nearer  
I'm so glad that you're with me  
When I look into the mirror  
Life just seems so clearer  
Cause I know you're nearer  
I'm so glad that you're with me  
When I look into the mirror  
Life just seems so clearer  
Cause I know you're nearer  
I'm so glad that you're with me
