

# Between You and Me

Easton Corbin

Between you and me, we're 6 beers deep  
And we know all but one of the songs on the jukebox  
And we got one college degree  
Between you and me  
We got 4 holes in our jeans  
One pair of boots, and two old barstools  
With too much space in-between  
Girl, we don't have to move too fast  
But we can do something about that

We got some neon  
A bar we can lean on  
We got an all-night high we can be on  
We got a dance floor  
The band playing one more  
Girl, I think there's a pretty good chance for  
Keeping it rolling  
Baby you know it  
We got something going  
Between you and me

Between you and me  
I was just about ready to leave  
Then I saw you as soon as you walked in  
And wanted to buy you a drink  
Between you and me  
I wasn't looking for nothin tonight  
Aw but baby it wouldn't be right if I didn't try  
Before they turned on the lights

We got some neon  
A bar we can lean on  
We got an all-night high we can be on  
We got a dance floor  
The band playing one more  
Girl, I think there's a pretty good chance for  
Keeping it rolling  
Baby you know it  
We got something going  
Between you and me

We got some neon
