

BUGGIN

easy life

Tell me how we got here
It's out of control
Everyone invited
I don't even know
And when you find me in the kitchen
I'm at a loose end
I didn't know you'd come through
With all of your friends

Because it's home time, excuse me, put me in a taxi
Don't chat at me
You're buggin' me out (Shut the fuck up)
You're buggin' me out (Shut the fuck up)
Because you're no fun, trust me, I'ma check my newsfeed
Don't get comfy
You're buggin' me out (Shut the fuck up)
You're buggin' me out (Shut the fuck up)

It's getting weird, so I'm running full speed
It's getting weird, so I'm running full speed
It's getting weird, so I'm running full speed
It's getting weird, so I'm running full speed

Shut the fuck up
Shut the fuck up
Shut the fuck up
Shut the fuck up
Shut the fuck up
Shut the fuck up
Shut the fuck up
Shut the fuck up
