

# FORTUNE COOKIE

easy life

When the chips are down  
Don't you go ahead and doubt yourself 'cause  
I haven't seen you around much lately  
So don't do nothing stupid

When the penny drops, hmm  
That you're sat on a fortune cookie  
Saying pull up your socks  
'Cause nothing out there can hurt you

And you say you wanna see somebody about it  
Say you wanna be somebody else elsewhere  
If you believe you're in need of repair  
Take care, take care  
If you believe you're in need of repair  
Take care, take care

When the curtains close  
And the photos are all that we have left  
It's time to strike a pose  
Looking back, we will piss ourselves

And you say you wanna see somebody about it  
Say you wanna be somebody else elsewhere  
If you believe you're in need of repair (Ooh, ah)  
Take care, take care

Just take care, take care (Ah)  
Just take care, take care (Ah)  
Just take care, take care, take care (Ah)  
Take care, take care (Ah)  
Take care, take care
