

John Wick Pt. 2

EBK Jaaybo

Blood on my hands and my bitch wash it off, real killer
John Wick, nigga, I been taking-
Yeah, I'm John Wick, nigga, I been taking trips for my dogs

Yeah, yeah, nigga
I'm John Wick, nigga, I been taking trips for my dogs
Real killer, when it's time to slide, you don't be involved
Ay, blood on my hands, ay baby, wash this off
Ay, look, we in that load, just play that music and don't talk
From Nightingale, I been spankin' niggas since high school
Dropped on him, got that nigga gone, I ain't like dude
My opps, the niggas that be dissing and don't slide through
Thinking about bro, I popped a Perc', I'm in the right mood

Left house with gloves and skeezys, never know when you might need 'em
Want a body way more than I want the Perc', I'm really fiendin'
Getting jumped by my demons, they been trippin' on me
Every time I close my eyes, I be having visions about me gettin' on him
Gon' catch me one for Slo-Be, it ain't ever over
Got the drop, I'm getting closer
This one mean a lot, so I can't wait to smoke him
Tomorrow never promised, I kiss my son every time I see him
Put one up top, when bro pulled up, is nigga's tryna leave me?
Is nigga's tryna be me, hard to trust his soul
Pops died I was eleven, had my first blick at twelve years old
Claim you loved a nigga, knew you didn't, left me in the cold
I knew that you ain't fucked with a nigga, that type of shit'll show
Hit the block with baby A, ay, ay, ay
Ay, 'cause that's the only bitch a nigga need, ay
A lot of niggas tryna kill me like I'm John Wick
But every nigga that surround me got a B, ay
Ay, ay, ay, John Wick, nigga
Ay I'm killin' something for my dog, too, I'm John Wick, nigga, ay
Nigga, I'm John Wick, nigga, G-Block, nigga
Stand over, nigga
Ay, get your hands dirty, nigga

Yeah, yeah, nigga
I'm John Wick, nigga, I been taking trips for my dogs
Real killer, when it's time to slide, you don't be involved
Ay, blood on my hands, ay baby, wash this off
Ay, look, we in that load, just play that music and don't talk
