

Trap Star

EBK Jaaybo

Fuck it up lil baby you a trap star
Last skit was a movie nigga that part
Yeah
Shot a nigga in his shit for tryna act hard
I don't associate with niggas that don't kill niggas

Ain't never slid but rap about it I don't feel niggas
I talk about the trenches in my songs cause I'm still in them
I caught one as an adolescence but don't feel different
Poured a four and drop a pill keep it on me

Left the house with fully switch
On the Gz I don't lack
How the fuck did cuz survive and he took a dome tap
Ask the killers about me in the county jail I'm on that
Don't hit me talkin bout no gangster shit you know my phone tapped

Out on bail on two ankles
Feds tryna grab a nigga
Every time we lost one we hopped in load and grabbed a nigga
Could tell you that I got skitz
You ain't gotta ask them niggas
He not a real donk but it's funk so imma crash to get him
Walked in the bitch house with skeezy on
It's a fee to fuck with me
Ain't argue with no sucka nigga
I know I didn't touch you
Don't put your lil niggas to take pictures in the hood
Tell em bump with me
How you gon troll me on the gram hit you with a 6 piece
Can't tell me I ain't damu
Got scenes on that crip street
Think I'm gonna fuck the hoe and she ain't got a bag bitch please
Left that nigga with a zipper
Then he went and dissed me
Finally popped the nigga I've been dropping on since I was 15

I pop another tribe nigga I'm gon stop rapping
Only G nigga with blood on the 5 so nigga stop cappin
Act like I don't got the drop
You know I got tactics
Got draky on me if they spin it do not matter

Fuck it up lil baby you a trap star
