

Traumatized

EBK Jaaybo

The shit I seen would leave you traumatised
Keep it on me, you gon' sleep before my mama cry
Lil brodie having dreams about that homicide
Ay, I ain't fuckin' with no nigga who ain't tryna slide
But is it worth it if it gets you life
Cause I'll do the bid to see the sucker die
Once you step, you gon' step again
These demons is who I call my friends

Sippin' juice, this ain't cognac
Ain't got to call, say less bro, we on that
If I kill all the opps, will that bring bro back?
Damn baby, that's my imagination
You ain't never gon' hit your target with procrastination
I know the homies tryna Dell me, so I'm strapped with Satan
I'm being patient, they gon' come, or Jaaybo finna slide
I'm outside these niggas houses, I ain't finna hide
Cold blooded murder scene, someone finna die
Yeah, cause I ain't finna play
Last sucker lil brodie cross paths with, shit, Ion think that n
igga got a face
Switching lanes, different stakes every other day
I know they're tryna build a case, so I been out the way
Got tired of walking, now I'm pulling up in foreign things
Promised pops I'mma ball, that's what I'm doing nigga
Homies playing both sides, what I'mma do with niggas?
Don't tell me bout that skit if you ain't shoot the nigga
*She follows my brother, I'mma lose it nigga
What if he go bad? *
I'm talking close range gang, bullets to his mask
This ain't 2017, I want him in a bag
I want him in a bag, when Kasino died I relapsed

The shit I seen would leave you traumatised
Keep it on me, you gon' sleep before my mama cry
Lil brodie having dreams about that homicide
Ay, I ain't fuckin' with no niggas who ain't tryna slide
But is it worth it if it gets you life
Cause I'll do the bid to see the suckers die
Once you step once, you gon' step again
These demons is who I call my friends
