

Attention

Ebony Day

You've been going round, going round, going round throwing that
dirt all on my name
'Cause I know that I, know that I, know that I, fucked this up
I've been running round, running round, running round, every party in LA
Praying that, praying that, I would see your face at one

I know you asked for space to, clear your head
But I wish I held you close when you were mine
I know I don't deserve you, but I'm a wreck
If you loved me, why can't we try one more time?

I don't want attention, I just need your heart
If you just listened, maybe we could talk this through
I don't want attention, I want a love that lasts
Can't you see I want you in my future, not my past?

You've been going round, going round, going round, throwing that dirt all on my name
'Cause I know that I, know that I, know that I, fucked this up
But now that we're, now that we're, now that we're right here standing face to face
Can't you see that it's not that easy to move on?

I know you asked for space to, clear your head
But I wish I held you close when you were mine
I know I don't deserve you, but I'm a wreck
If you loved me, why can't we try one more time?

I don't want attention, I just need your heart
If you just listened, maybe we could talk this through
I don't want attention, I want a love that lasts
Can't you see I want you in my future, not my past?

You've been going round, going round, going round throwing that dirt all on my name
'Cause I know that I, know that I, know that I, fucked this up
