It's clear eyes
What a pleasant surprise
Me and the gravity guys
We're ridin' in disguise
With the clear eyes
Don't think you understand
My eyes are clear and I popped a band
Now a Nike girl wanna hold my hand

It's clear eyes in my eyes
Ridin' round in disguise
Don't think they'd understand
But I be gunnin' for the prize
All my niggas ridin' round
Blu-Ray disk player
I'm 2k six player
I be ridin' round like they are, all night
Echo echo
Ridin' round with my Ecco
I'm posted up in that climax
You know I don't like the gecko
I got money on the floor like Gucci Mane
Posted in the club when I'm at Japan
I be the man I be ridin' strong
And I be going straight stupid when I hit the bong
I got meadery, meadery
Hit you in the club with Chidori
I be going ham like sashimi
I be going hunnid like a touareg
Posted in the club in the morning
Posted in the club at night
Bitch, I'm ridin' round on my bike
Bitch, I'm ridin' round on my bike

I got clear eyes
Ridin round in Prague
A pleasant surprise when we ridin' round in disguise
I got clear eyes
With the gravity guys
We ridin' round in disguise
We got clear eyes, am I right?
