I want to live in heaven
I want to reach closer to you
The west edge falls head first
A second, a moment, forever, ephemeral

Suffering stops, bodies drop
Flowers sprout, bloom die and rot
Therefore I am, you are not
Beautiful dream, which I forgot
Come evening sun, come darkness come
Come as you are, dance to our song
Life finds a way how to portray
The mirrors change, the story stays

I want to live in heaven
I want to reach closer to you
The west edge falls head first
A second, a moment forever, ephemeral

If only, if only, if only, if only we could be as one in everyo
ne
If only, if only, if only, if only one is true, then which one
is it?
If only, if only, if only, if only we could be as one in everyo
ne
If only, if only, if only, if only one is true, then which one
is it?

I want to live in heaven, I want to reach closer to you
The west edge falls head first
A second, a moment, forever, ephemeral
