

# First Crush

Ecco2k

I want to be like you  
Feel like you, real like you  
Walk like you, talk like you  
In your skin, me and you

I want to be like you  
Feel like you, real like you  
Walk like you, talk like you  
In your skin, me and you

When I blow out the candles the room turns black  
When I look in the mirror my face don't match  
When I think 'bout you baby, my eyes turn black  
And I still think about you I can't go back

6 bags amnesia, to forget my past  
Still trapped, nobody under my black mask  
Skull cracked, no touching I got glitter hands  
Make a blood pact, me and you, forever lasting

Make a wish for you baby, the wish turns blue  
K-9 in the airport I look for you  
When I look in the mirror the light turns green  
Cause you don't feel like me

Check my blood-work, how much is my blood worth  
We sending controlled substances through customs  
I'm not a crusher, I deserve to suffer  
I know that love hurts but sometimes I wonder

Three sixes, two thirds  
Thirty percent dirt  
Sleeping under earth  
Wake up, end the world  
Who'll still my hunger  
Who'll quench my thirst  
First crush, you got burned  
I'm ten percent sugar

Yeah, we give a fuck about the fame, make me stressed out  
I be with the same, make you stretched out  
Baby got my back, like a rest now  
Ain't got no confidence, but I'm blessed now  
I don't walk like you shawty, flexed out  
You know it's still SBE and Drain Gang  
Walk up in the club, they make it rain xans  
Everybody talking, I'm the same man

Three sixes, two thirds  
Thirty percent dirt  
Sleeping under earth  
Wake up, end the world  
Who'll still my hunger  
Who'll quench my thirst  
First crush, you got burned  
I'm ten percent sugar
