

Everybody knows your business  
You don't have to act different around us  
And I heard you want to be Ridgecrest  
Go endless, go heaven

You don't have to act so jealous  
I can tell by the way you look at us  
And you want something you won't get, huh?  
Oh, haven't you had more than enough?  
Why you got to act so jealous?  
(You want it, you want it, you want it, you want it)  
Hella toxic, so precious  
(You want it, you want it, you want it, you want it)  
Why you got to act so headless?  
(You want it, you want it, you want it, you want it)  
Nothing much, nothing special  
(You want it, you want it, you want it, you want it)

You want it (You want it)  
You want it (You want it)  
You want it (You want it)  
You want it too much  
You want it (You want it)  
You want it (You want it)  
You want it (You want it)  
You want it too much  
You want it (You want it)  
You want it (You want it)  
You want it (You want it)  
You want it too much  
You want it (You want it)  
You want it (You want it)  
You want it (You want it)  
You want it too much  
Why you got to act so jealous?  
So toxic, so precious  
Why you got to act so headless?  
It's nothing special

You don't have to act so jealous  
I can tell by the way you look at us (Want it, want, it)  
And you want something you won't get, huh?  
Oh, haven't you had more than enough?  
You don't have to act so jealous  
I can tell by the way you look at us (Want it, want, it)  
And you want something you won't get, huh?  
Oh, haven't you had more than enough?

Oh won't you wish me luck, love me or love me not  
You don't have to act so jealous, don't care what happens to us  
I'll love you either way  
It doesn't have to be like this  
And I don't want to be your dream boy anymore  
More than I care to admit  
I love you, I love you, I love you, I love you  
(Hallå)
