

# Play Em Like Atari

Ecco2k

Oooh baby girl, I'm sorry  
All my niggas smoking on Marley  
Rocking Bravo Bravo Charlie  
When we pulled up at the party  
Niggas play 'em like Atari  
Riding 'round in that Rarri  
UFO safari  
Oooh yeah  
We riding 'round in that Rarri  
Rocking Bravo Bravo Charlie  
Tryna pop another molly  
When we posted at the party  
Play 'em like Atari  
Baby girl I'm sorry  
UFO safari  
Oooh

Six feet, suicide  
Molly water, I scuba dive  
Blunt too scary I'm super high  
Moon sand in my Lunar Glides  
Designer shoes, designer tees, designer drugs in my designer jeans  
I see a soul on each dreams, Blu-Ray disc with laserbeams  
Don't pass that 'cause I'm super high  
High-altitude gas tanks full of O2  
Golden hair, silver shampoo  
Going platinum blonde, put the night on blue  
Baby girl miss you, I miss me  
Yoshimitsu when I just met she  
Ikanago, load up wasabi  
Osake, play 'em like Atari

Futuristic, jetlag  
I'm smoking on some jet pack  
Thousand dollar setback  
I pull up to the club with my name tags  
Some Bapestas, some Reeboks  
Asics and G-shocks  
Won't sell tree tops

2 weeks in Tokyo  
Paris for the weekend  
Ziploc full of powerups  
Just came through off eBay  
Drops of water  
Mouth on Sahara  
Came through the party  
With a piña colada  
ECCO2K, play 'em like a Blu-Ray  
Power up for the night  
Jet packs all day  
Wear our Dolce Gabban-  
Wear our shirts from Japan  
We refuel, test life
