

I don't fuck with clowns, I'm with the scarecrows
Smoking on a dead rose, riding in a red ghost
When the night comes don't know where my head goes
Why you got a wet phone, I been in the rain bro
Fuck a offer, I'm just gonna say no
I don't wanna waste no time on fucking lameo's
I fell from the sky, I got a halo
Gotta let the days go by I gotta stay low

Drinking vodka out the bottle
Put a xanny in my water
Weed and pills under my armor
Give a fuck, you get unfollowed
Pictures pay me, I'm a model
You're a basic, I won't bother
Fuck with Blader, I'm a cutter
I'm still stuck up in that Summer
Do you want this shit, I wonder
SG, we gon' fuck you over
Beamer truck, I run you over
Ecco pull up in a rover
Pouring codeine in my soda
Pouring codeine in my soda
Haven't seen her, I don't know her
Disappearing out of nowhere

I don't fuck with clowns, I'm with the scarecrows
Smoking on a dead rose, riding in a red ghost
When the night comes don't know where my head goes
Why you got a wet phone, I been in the rain bro
Fuck a offer, I'm just gonna say no
I don't wanna waste no time on fucking lameo's
I fell from the sky, I got a halo
Gotta let the days go by I gotta stay low
