

Stalker

Ecco2k

Upside down world, you and I, girl
I'm a stalker, she's a dancer
Brand new nightmare, I'mma die there
Darkness holds me, it's my cancer
Brand new backstab, need a catnap
Brand new black mask in my backpack
Drain Gang rain man, I will be back
Just two setbacks from a relapse

Why do you always look down, every time we come around
Draining in the haunted house, and there is no boys allowed
Drain Gang boys, we creep at night, when the world is upside down

Find out what I think about, bleeding like it's Valentines
I need two new bank accounts, and nothing to care about
Find out what I dream about, come out when them fiends are out
2 bros and 3 hang arounds, I don't hang around with clowns
Kill the light and eat the night, now I'm not so dead inside

Upside down world, you and I, girl
I'm a stalker, she's a dancer
Brand new nightmare, I'mma die there
Darkness holds me, it's my cancer
Brand new backstab, need a catnap
Brand new black mask in my backpack
Drain Gang rain man, I will be back
Just two setbacks from a relapse

Bleeding from my nose, famous ghost, I'm XxPosed
I got smoke, but I got nowhere to go
I don't have a soul, broke my organs and my bones
Hope nobody knows, need a extra sugarcoat
How could I say no to you, how could I ever refuse
I'm with Bladee and Thaiboy Goon, and we smoking NO2
I wish death on all of you, who will make my wish come true
Need to get my heart removed, crush it up and drink the juice
I want her, she wants to get hurt, I want her, she wants to get hurt
Cigarette burns on her fingers, my girlfriend was covered in birds
C Klein necktie and a white shirt, I'm a stalker, not a spider
Take my heart out, wait for my turn, break apart, let's see who dies first

Upside down world, you and I, girl
