One shot, click, click, click, reload, reload, reload
Twenty thousand, THB, make a call to Nino
Western union, six, zero, zero, zero
I go easy mode, cheat code, cheat code, cheat code
Three stars, one that is you
Loss and gain
(Reload, reload, reload)

One shot, click, click, click, reload, reload, reload
Twenty thousand, THB, make a call to Nino
Western union, six, zero, zero, zero
I go easy mode, cheat code, cheat code, cheat code
Drain gang, GTB, you know we go psycho
At the Texaco gas station, talking on the phone
Acid here, a kind of ghost, feeling, wanting me alone
Icy, off the road, caught me watching through the scope

Ice cream truck, cherry on top
Gate on lock, I can't stop
Mansion in the hills, blue pills
Time stands still, open seven seals

This the VIP life, I mix the dirty with the sprite
Black bottle with the ice
(With the ice)
Yeah, all this sauce I like
I wear my silver light
(GTB until I die)
