

# Burn It Down

Echo & the Bunnymen

I've been where you are  
Ascending to dizzy heights  
I've seen how the stars  
Can light up the darkest nights

Flew too close to the sun  
Before I'd become  
What can't be undone

I know how the sky  
Makes you believe anything  
I've flown where you fly  
Thought I'd grown angel's wings

Flew too close to the sun  
Before I'd become  
What can't be undone

Burn it down, burn it down  
Burn it down, burn it down  
Burn it down, burn it down  
Burn it down, burn it down  
Burn it down  
Burn it down  
Burn it down  
Burn it down

I've been where you are  
Ascending to dizzy heights  
I've seen how the stars  
Can light up the darkest night

Flew too close to the sun  
Before I'd become  
What can't be undone

Burn it down, burn it down  
Burn it down, burn it down  
Burn it down, burn it down  
Burn it down, burn it down  
Burn it down  
Burn it down  
Burn it down (put your fingers in the fire)  
Burn it down (put your fingers in the fire)  
Burn it down (put your fingers in the fire)  
Burn it down (put your fingers in the fire)  
Burn it down (put your fingers in the fire)  
Burn it down (put your fingers in the fire)  
Burn it down
