

# Hang Around

Echosmith

You're just what the doctor ordered for me  
You're one of a kind, yeah I can barely believe  
It's like you were tailor-made for me  
I don't even mind that I've been losing my sleep

So calm, so collected  
More than natural selection  
God knows, I'm not gonna apologize for nothing

Call it what you want  
More than just obsessive  
All I want is for you to hang around

If you're like a fire  
Then I'm pouring gasoline  
I just wanna hang around  
If I'm like an earthquake  
You see past the fault in me  
I just wanna hang around

Your old soul is new for somebody like me  
Heaven knows that I've been trying to come clean

Times are a-changing but don't change a thing  
You're just like a daisy pushing through the concrete

So calm, so collected  
More than natural selection  
God knows, I'm not gonna apologize for nothing

Call it what you want  
More than just obsessive  
All I want is for you to hang around

If you're like a fire  
Then I'm pouring gasoline  
I just wanna hang around  
If I'm like an earthquake  
You see past the fault in me  
I just wanna hang around

Don't mind if I take the blue pill or the red pill  
I know this effect is more than just placebo  
Can't lie  
Sometimes I can be possessive  
All I want is for you to hang around

If you're like a fire  
Then I'm pouring gasoline  
I just wanna hang around  
If I'm like an earthquake  
You see past the fault in me  
I just wanna hang around

I just wanna hang around
