

## Sucks 2 Be Us

Echosmith

I'm sorry for the both of us  
Tried to move it but it won't budge  
It's useless when it's locked shut

Is it good enough  
If push never comes to shove  
We can fake it but only so much

I hope you know that I'm trying to help you  
Never picked a side 'cause I never had to  
I wish you could see how much it's killing me

It sucks to be us  
I guess we jumped the gun  
Too close to the sun  
I'm burnt and I'm done

It's sucks to be us  
We make it light, we make it fun  
'Til the blood starts to run  
Another band-aid, another cut  
It sucks to be us

No, I don't wanna be wrong  
But when the right things comin' along  
I'll miss it if I take too long

Am I just hanging on to loose ends at any cost  
Too scared to take the loss

I hope you know that I'm trying to help you  
Never picked a side but now I just have to  
Wish you could see how much it's killing me

It sucks to be us  
I guess we jumped the gun  
Too close to the sun  
I'm burnt and I'm done

It's sucks to be us  
We make it light, we make it fun  
'Til the blood starts to run  
Another band-aid, another cut  
It sucks to be us

Does it make me another hypocrite  
If I don't wanna live like this  
It's a feeling I'm not gonna miss

It was a handshake  
Did I have my fingers crossed  
Had a good game even if we lost  
It's not what we wanted  
It's what we got

It sucks to be us  
I guess we jumped the gun

Too close to the sun  
I'm burnt and I'm done

It's sucks to be us  
We make it light, we make it fun  
'Til the blood starts to run  
Another band-aid, another cut  
It sucks to be us
