

38 or 44

Eclipse

Caught in the killing fields
And we're dying on our feet
It's just a money scheme
Born in the world of brave and free

'Cause you don't need to get a bigger gun
And blow us all away to kingdom come

And the fire's gonna break us
.38 or .44
.22 and then there's you
And the fire's gonna break us
.38 or .44
.22 it's up to you

Out on a killing spree
Fear is the only thing you'll see
Now who's the enemy
Just pull the trigger and start to bleed

No you don't need to get another gun
To blow us all away to kingdom come

And the fire's gonna break us
.38 or .44
.22 and then there's you
And the fire's gonna break us
.38 or .44
.22 it's up to you

'Cause we don't need to get a bigger gun
And blow us all away to kingdom come

.38 or .44
.22 and then there's you
And the fire's gonna break us
.38 or .44
.22 and then there's you
And the fire's gonna break us
.38 or .44
.22 it's up to you
