

Anthem

Eclipse

I hear drums they're beating far away
Carry on, carry on, on forever
Letting go of all resistance in our lonely hearts
Carry on, on this road together
Oh forever we carry on

Through mountains and the valleys
Storm and the rain
We're marching on our hearts can not be tamed

The ones who walked before us
With courage and with pride
Are still here by our side

I hear drums they're beating far away
Carry on, carry on, on forever
Letting go of all resistance in our lonely hearts
Carry on, on this road together
Oh forever we carry on

We live under the same sky
We're all bleeding red
Live today tomorrow might be dead

Is this the final warning
This the final end
It's time we take a stand

I hear drums they're beating far away
Carry on, carry on, on forever
Letting go of all resistance in our lonely hearts
Carry on, on this road together
Oh forever carry on

I hear drums they're beating far away
Carry on, carry on, on forever
Letting go of all resistance in our lonely hearts
Carry on, on this road together
Oh forever we carry on
