

## Blood Enemies

Eclipse

Holy mother  
The worlds coming down  
Pay back strikes  
The blood of the enemy

Father  
Its falling apart  
Raise your glass for  
The blood of the enemy

Like hell on wheels  
Ain't over till it's over  
Revenge is sweet for us tonight  
Like hell on wheels  
Ain't over till it's over  
Revenge is sweet for us tonight  
Blood of the enemy

Holy mother  
Lets wake up the dead  
Judgment day  
The blood of the enemy

Father  
Surrounded by flames  
Burn it down  
The blood of the enemy

Cause were tearing down the walls of lies  
We can't pretend no more  
So raise your glass  
This one last time
