

Born to Lead

Eclipse

There are changes
I feel it in the air tonight
Cause there's a new day dawning
The end will soon begin

Cause these old roads
Were built on broken promises
The inner flame is burning
There's no way you can win

You better run, you better run
'Cause we're born to lead, born to lead
You better run, you better run
'Cause we're born to lead, born to lead

We're tearing down these walls
'Cause they're made of sand
You can't deny the guilt
Blood is on your hands
Better run, you better run
'Cause we're born to lead

You see we know
And you know damn well that we do
And we've been here before
It's just the same old same

You better run, you better run
'Cause we're born to lead, born to lead
You better run, you better run
'Cause we're born to lead, born to lead

We're tearing down these walls
'Cause they're made of sand
You can't deny the guilt
Blood is on your hands
Better run, you better run
'Cause we're born,
Born to lead

You better run, you better run
'Cause we're born to lead, born to lead
You better run, you better run
'Cause we're born to lead, born to lead
Born to lead, born to lead

We're tearing down these walls
'Cause they're made of sand
You can't deny the guilt
Blood is on your hands
Better run, you better run
'Cause we're born,
Born to lead
Born to lead
