

Communication's down we're running on low
The bridges burn we're at the end of the rope
So roll the curtain, roll the credits
Time to go

More than one beer short of a full six-pack
Look into the mirror - a fool is looking back
'Cause we are heading forward
But you keep pushing back

You think you're God
The world's spinning around you
(Maybe you're delirious)
The tables turned
After all that we've been through
(Maybe you're delirious)
So don't you know?
(Mysterious)
Don't you know you're so delirious?

Go on and serve yourself, don't follow the team
You're out of touch, you're always living in a dream
'Cause we all see it clear
You'll never understand

You think you're God
The world's spinning around you
(Maybe you're delirious)
The tables turned
After all that we've been through
(Maybe you're delirious)
So don't you know?
(Mysterious)
Don't you know you're so delirious?

You think you're God
The world's spinning around you
(Maybe you're delirious)
The tables turned
After all that we've been through
(Maybe you're delirious)
You think you're God
And the world's spinning around you
(Maybe you're delirious)
So don't you know?
(Mysterious)
You're out of control
(Delirious)
You got to know
(Mysterious)
Don't you know you're so delirious?
