

## Got It!

Eclipse

I'm going up cause I can't get down  
I gotta kick, kick, kick but I can't touch ground

Leaving all that I lost behind  
I better go, go, go or I'll lose my mind

Got a rope tight round my neck

Cause...

I don't wanna stop, I don't wanna go Got it!  
Gotta get away but I wanna stay I got it!  
Out you, I don't wanna live without you  
But I can not live with  
I don't wanna stop, I don't wanna go Got it!  
Gotta get away but I wanna stay I got it!  
Out you, I don't wanna live without you  
But I can not live with  
I don't wanna stop, I don't wanna go No!

Breaking up and we break in two  
Gonna crack, crack, crack and it's all on you

I've got a rope tight round my neck

Cause...

I don't wanna stop, I don't wanna go Got it!  
Gotta get away but I wanna stay I got it!  
Out you, I don't wanna live without you  
But I can not live with  
I don't wanna stop, I don't wanna go Got it!  
Gotta get away but I wanna stay I got it!  
Out you, I don't wanna live without you  
But I can not live with

You

No, no

I've got a rope tight round my neck  
As we breathe in our last breath

Out you, I don't wanna live without you  
But I can not live with  
Out you, I don't wanna live without you  
But I can not live with  
I don't wanna stop, I don't wanna go Got it!  
Gotta get away but I wanna stay I got it!  
Out you, I don't wanna live without you  
But I can not live with  
No I can't  
Out you, I don't wanna live without you  
But I can not live with
