Hurt

Eclipse

This is gonna hurt you
Every word that I'll say cuts deeper than a razor blade
This is gonna break you
From this day till you die it'll never ever be the same

There's not a minute or second from now on
That ain't gonna hurt you

You will be begging on your knees to make it stop
You will be screaming out in pain you had enough
'Cause when the storm is raging inside your heart
Something's gonna break and stay there in the dark
This is gonna hurt you

Don't try to understand it
You have never felt you heart turning colder than it will today
Don't try to comprehend it
Oh no matter what you do will never keep the flood away
Oh no
There's not a minute or second from now on
That ain't gonna hurt you

You will be begging on your knees to make it stop
You will be screaming out in pain you had enough
'Cause when the storm is raging inside your heart
Something's gonna break and stay there in the dark
This is gonna hurt you
This is gonna hurt you

You will be begging on your knees to make it stop
You will be screaming out in pain you had enough
'Cause when the storm is raging inside your heart
Something's gonna break and stay there in the dark
This is gonna hurt you
This is gonna hurt you

'Cause when the storm is raging inside your heart
Something's gonna break and stay there in the dark
This is gonna hurt you
This is gonna hurt you
