

## Shelter Me

Eclipse

There will be nights wishing you were dead  
When all your devils are bleeding red  
And you don't know where you are  
You don't know where to go  
You don't know what you're looking for  
Another day, another sleepless night  
Another morning that you've got to fight  
Hoping one day it'll change  
One day you will escape  
One day you cannot feel the pain

So shelter me  
Shelter me from the demons in my head  
Shelter me  
Shelter me from the demons in my head

Now who's to say what is wrong or right  
'Cause no one knows what you got to fight  
Adding fuel to the flame  
It's running through my veins  
Will it ever go away?

So shelter me  
Shelter me from the demons in my head  
Shelter me  
Shelter me from the demons in my head  
I've gotta stop, gotta leave, gotta let it go  
I'm running out of time and it starts to show  
Shelter me  
Shelter me from the demons in my head

There will be nights wishing you were dead  
When all your devils are bleeding red

So shelter me  
So shelter me from the demons in my head  
I've gotta stop, gotta leave, gotta let it go  
I'm running out of time and it starts to show  
Shelter me from the demons in my head  
Shelter me from the demons in my head  
Shelter me from the demons in my head  
In my head
