

# Take Me Home

Eclipse

The days and the weeks, they pass like the wind  
I've been lost and a stray for too long  
Wasted so many years, no answers are found  
Like the man I've become

Take me home, take me home  
To the place where my heart belongs  
To my father and mother  
My sisters and brothers  
Too long I've been gone  
Take me home

I am broken and beaten, I run from the past  
But the ghosts they are all in my head  
Now the answer is there in front of my eyes  
A whisper that came from the dead

Take me home, take me home  
To the place where my heart belongs  
To my father and mother  
My sisters and brothers  
Too long I've been gone  
Take me home

Take me home

Back to the place where I once lost you  
Where we promised we'd walk together  
Right through shine and stormy weather  
Back to the place where it all began  
I still believe in us forever

Take me home, take me home  
To the place where my heart belongs  
To my father and mother  
My sisters and brothers  
Too long I've been gone  
Take me home, take me home  
To the place where my heart belongs  
To my father and mother  
My sisters and brothers  
Too long I've been gone  
Take me home

Oh just take me home  
Just take me...
