

Twilight

Eclipse

You're a diamond deep in the ground
You cut me loose and you drag me down
All I love is without of reach
I'm down in the dirt, yeah I'm on my knees

'Cause when all is said
I fall deep in the twilight

(I fall deep in the twilight)
'Cause I'm falling down
Deep in the twilight
(I fall deep in the twilight)
Yeah I'm falling down
Deep in the twilight

I'm in a dream but I can't wake up
I've seen too much still it's not enough
I fly so high that I cannot breathe
I'm torn between what I want and need

Cause when all is said
I fall deep in the twilight

(I fall deep in the twilight)
'Cause I'm falling down
Deep in the twilight
(I fall deep in the twilight)
Yeah I'm falling down
Deep in the twilight

I'm deep in the twilight
'Cause I fall down
Deep in the twilight
Oh will I ever touch the ground

I fall deep in the twilight
(I fall deep in the twilight)
'Cause I'm falling down
Deep in the twilight
(I fall deep in the twilight)
Always out of reach
You're out of my life
So why can't I just let you go
I fall deep in the twilight

(I fall deep in the twilight)
(I fall deep in the twilight)
(I fall deep in the twilight)

I'm deep in the twilight
I'm deep in the twilight
