

# Unbreakable

Eclipse

All right!

I know love, can split a rock in two  
I know this, yeah you better believe it's true  
And I know, that nothing stand a chance  
I always win, I'm a sucker for true romance  
I know...

We stand our ground  
And we won't back down  
When all seems lost, we'll go another round  
And we'll never stop  
And we won't give up  
Cause we're unbreakable

I know faith can make a blind dog see  
I believe somethings are just meant to be  
If we...

We stand our ground  
And we won't back down  
When all seems lost, we'll go another round  
We'll never stop  
And we won't give up  
Cause we're unbreakable  
Oh yeah  
We're unbreakable

Alright!

Woah, you know we stand our ground  
And we won't back down  
When all seems lost, we'll go another round  
We'll never stop  
And we won't give up  
Cause we're unbreakable

We're unbreakable

Well, don't you know it's true?  
It's down to me and you  
We're unbreakable
