

Wake Me Up

Eclipse

Holy wars, holy stories
Protecting a man made cross
Kill yourself get the glory
Rewarded in heaven above

An angry man he bought a gun
Held hostage he snapped and lost it all
He blew 'em up could not be stopped
Blamed it on "god said so"

Wake me up, wake me up I'm dreaming
Wake me up, somebody
Wake me up, wake me up I'm dreaming
Wake me up, wake me up I'm dreaming
Wake me up, this world is crazy
Wake me up, wake me up I'm dreaming

One god's right one is wrong
And sex is a sin to avoid
Dressed in black sings the same song
We are the chosen the few

Now where's the joy and where's the love
Or is it a way to get control
Manipulate, says hell awaits
Telling us "god said so"

Wake me up, wake me up I'm dreaming
Wake me up, somebody
Wake me up, wake me up I'm dreaming
Wake me up, wake me up I'm dreaming
Wake me up, this world is crazy
Wake me up, wake me up I'm dreaming
