When the Winter Ends

Eclipse

I'm closing my eyes, don't wanna look back
I don't wanna see, wanna hear no more
I'm bowing my head this ghost from the past
I don't understand what we're fighting for

I fall into the night
Yeah I fall into the night

I feel buried alive I just can't get out
It keeps getting worse for every day
I'm trapped in this house these walls are so cold
Slips out of my hands and I lose control

Come wake me up when the winter ends
Disconnect me from this burning pain
Come wake me up with the summer rain
'Cause my heart don't wanna play this game
So shut the light and wake me up when the winter ends
Come wake me up when the winter ends

We're fading away from color to gray
The fire is gone never to return
The unbreakable chain is broken in two
At every turn yeah we crash and burn

Come wake me up when the winter ends
Disconnect me from this burning pain
Come wake me up with the summer rain
'Cause my heart don't wanna play this game
So shut the light and wake me up when the winter ends
Come wake me up when the winter ends

These tired hearts are torn and broken
And all the things we leave unspoken
'Cause I don't wanna fight I gotta leave and walk away
There's nothing more to do nothing to say

Come wake me up when the winter ends
Disconnect me from this burning pain
Come wake me up with the summer rain
'Cause my heart don't wanna play this game
Come wake me up
Cause I don't want the pain
Come wake me up with the summer rain
'Cause my heart don't wanna play this game
So shut the light and wake me up when the winter ends
Come wake me up when the winter ends
Come wake me up when the winter ends
The winter ends
