

I've tried to tame the animal  
Laid down on my guns  
Goodbye to jack and my old pack  
No more living on the run  
It lasted for about five weeks  
Nearly lost my head  
That ain't no life, I was not alive  
Man I was a living dead  
I've come to terms with who I am  
And I don't give a damn

Wild one, howling at the moon at midnight  
I'm a wild one, never backing down from a fight  
Oh, I'm a wild one, yeah, you're playing with the wild one  
Dancing with the devil tonight

She's six foot one and beautiful  
In every inch a dream  
A tattooed hip and kissing lips  
Angel with a streak of mean  
She don't take shit from anyone  
She's making her own trail  
Says it's my way or the highway  
My heart will never be on sale  
I've come to terms with who I am  
And I don't give a damn

Wild one, howling at the moon at midnight  
I'm a wild one, never backing down from a fight  
Oh, I'm a wild one, yeah, you're playing with the wild one  
Dancing with the devil tonight

I'll never tame the animal  
Loaded up my guns  
Hello ol' jack and my old pack  
Back to living on the run  
A perfect match compatible  
She's my every dream  
That tattooed hip, her kissing lips  
I've fallen way too deep

Wild one, wild one at midnight  
I'm a wild one, never backing down from a fight  
Oh, I'm a wild one, howling at the moon at midnight  
I'm a wild one, never backing down from a fight  
Oh, I'm a wild one, yeah, you're playing with the wild one  
Dancing with the devil tonight  
Oh, I'm a wild one  
Oh, I'm a wild one  
Dancing with the devil tonight!
