

## Surefire

## Econoline Crush

she,  
goes ballistic on me  
says i don't meet her needs  
and she's had enough i guess

me,  
i wish i could be  
satisfied either way  
but i'm not...yeah...

never enough now,  
never enough now,  
come on,  
take it all the way  
never enough, no, no, no, no, no, no, no, no  
take it all the way

never enough now,  
never enough now,  
come on,  
take it all the way  
never enough, no, no, no, no, no, no, no, no  
take it all the way

she,  
feels a pain i can't heal  
has her hands on the wheel  
takes it in a moves along

me,  
i live not to see  
swim the deep tragedy  
drowning in my own self-interest

never enough now  
never enough now  
come on,  
take it all the way  
never enough, no, no, no, no, no, no, no, no  
take it all the way

never enough now,  
never enough now,  
come on,  
take it all the way  
never enough, no, no, no, no, no, no, no, no  
take it all the way
