

# Give It All

Ed Prosek

We packed our bags and ran as far as we could go  
To find a place that we could finally call our own  
And until now the road is all I've ever known  
And I can't say I've ever felt at home here

And I've been hanging on to every single word  
And every moment lost are just misunderstood  
And I don't think I've ever been this nervous

But you wrap your arms around my heart just like you always do  
And the light in your eyes  
Is my only truth  
And wherever I've been  
I'll come running back to you  
And if you decide  
That you needed proof  
Well with all I had left  
I would give it all for you

With all I had left

If I could speak I'd tell you every thing I know  
Each passing moment you become more beautiful  
And I keep searching blindly through the words

So I collected all the things we left unsaid  
And built a tower that reached a mile above my head  
From all the way up here I see the earth turn

And you wrap your arms around my heart just like you always do  
And the light in your eyes  
Is my only truth  
And wherever I've been  
I'll come running back to you  
And if you decide  
That you needed proof  
Well with all I had left  
I would give it all for you

Cause the light in your eyes  
Is my only truth  
And wherever I've been  
I'll come running back to you  
And if you decide  
That you needed proof  
With all I had left  
I would give it all for you
